

Landfill Advisory Committee

Tuesday, AUG 11th 2020

Meeting began at
6:00pm.

There were no amendments to the Agenda.

Public Comment There was
no Public Comment.

Meeting Minutes - Approved minutes of 11-9-2019. All in favor.

Action Items - NONE

Next meetings - Sept 8, Oct 13, Nov 10, None in December.
October meeting will be elections for officers. Neil will stay on the committee as long as necessary.

Discussion Items

- Annual Report to the BOS - not a pressing issue, due to COVID19.
- Feedback from community on the reduction of hours - Negative feedback in the first 2 weeks after the change in hours, but nothing since then.
- Townhall at the Landfill back in June - Talked about the golf cart issue, a few people mentioned the new hours, but very little feedback. Nothing extraordinary.
- Plan going forward is to keep the hours the same, no change in hours for Saturday and Sunday. Sealston may get back open on Sundays for ½ a day, but still logistics to work out. Jeff proposed buying 6 new containers for Sealston with CARES \$\$\$, which would help Sealston be open ½ a day.
- Landfill is closed Labor Day Monday.
- County Shred Day is December 12th. Paid for by WM.
- No new talks on expansion at Perkins, tonnage is down during COVID19.
- Landfill revenue is down about 35% due to COVID19. This is not unusual, and WM is doing everything they can to stay operating without layoffs.

Old Business There was

no old business

New Business - When Neil's term is up in 2022, he is not seeking reappointment. Looking for replacement asap.

Information Items

Meeting adjourned at 6:25 pm.
